[Amino Technologies \(HK\) Limited](#)

Amino Communications is a global leader in innovative hybrid TV and cloud solutions that enable service providers to connect with consumers. As pioneers of IPTV and with over seven million devices sold worldwide, we have a proven track record for rock-solid reliability, innovation and best-in-class customer care.

In 2015, we enhanced our offering through the acquisition of cloud TV platform provider, Booxmedia and Entone, a provider of broadcast hybrid TV and connected home solutions.

Headquartered in Cambridge, UK, we currently employ over 200 people throughout our offices in the UK, US, Finland, Hong Kong and Portugal. Amino Technologies (HK) Limited is a wholly owned subsidiary of Amino Communications. Due to expansion, we are now seeking high calibre candidates for the following position in Hong Kong.

DevOps Engineer

Main Duties and Responsibilities:

- The DevOps Engineer is responsible for automating and streamlining the interactions between different development teams, QA, support, and from delivery through operation,
- Helping to define and use guidelines / tools, with strategic goals of reducing lead time and enhancing quality for their software products.
- In a DevOps environment, everyone on a team is responsible for reducing lead time and enhancing quality for their assigned applications. The DevOps Engineer is a teammate with experience using good software engineering practices from a development and an operations point of view as well as DevOps specific tools/techniques.

Personality profile:

- Willing to get involved in the design, development, and implementation of CI/CD pipelines for software development
- Background utilizing technical Agile frameworks (e.g. Extreme Programming, Test Driven Development)
- Proactive, and always show “can do” attitude
- Self-starter – must be able to take on responsibility, manage themselves and their workload when left alone and adapt well if priorities change
- Able to cope with a varied and busy workload and fast pace of customer requirements and technology change
- Can be a good team player

Amino Technologies (HK) Limited is a wholly owned subsidiary of Amino Communications Ltd and Amino Technologies plc

Amino Technologies plc Registered in England & Wales No. 5083390, Registered office: Buckingham Business Park, Anderson Road, Swavesey, Cambridge, CB24 4UQ, UK
Amino Communications Ltd Registered in England & Wales No. 3490180, Registered office: as Amino Technologies plc. VAT Registration No. GB731996012
